At Bridgepoint Investment Group we have helped hundreds of clients achieve their investment and commercial real estate goals. Our skilled staff of licensed agents and support team will help guide your purchase or sale from the start to finish. Here are a few more reasons to Go BIG:

1. Turnkey property solution: sale and management/leasing services
2. Access to exclusive BIG listings and our network of thousands of buyers and sellers
3. We are investors and commercial property owners ourselves. Why hire a Realtor who doesn't understand what they sell?
4. Certified Commercial Investment Member (CCIM) on staff and the experience of hundreds of transactions
5. Accredited Buyer Representative (ABR)
6. Institute of Real Estate Management (IREM)
7. National Association of Residential Property Managers (NARPM)
8. Central Texas Commercial Association of Realtors (CTCAR)
9. Premium LoopNet membership and exposure
10. CoStar membership
11. Austin Board of Realtors (ABOR), Texas Association of Realtors (TAR) and National Association of Realtors (NAR)

Unlike other agents who may disappear after the property is purchased, Bridgepoint understands an investment is not a one time event. We are in it for the long haul.

We understand how to manage property, make improvements, and increase income and value. We understand cap rates, IRR, cash flow, and that an investment is judged over time. Our professional property management team is here when you need us.
